

**REMARKS**

The above-identified application was allowed in the Notice of Allowability mailed September 11, 2009. The Issue Fee is being filed concurrently with this Amendment After Allowance.

Applicant notes that the Notice of Allowance and Fee(s) Due states that the Title of Invention is "Seal For Use With Cardiac Lead." After a review of the file, the origin of this change is unclear. Accordingly, Applicant requests that the title be changed to "Seal For Use With Medical Device and System," as provided on the title page and page 1 of the specification as originally filed.

The requested amendment is fully supported by the specification and drawings, will not require an additional search, and does not raise new issues. Therefore, Applicant respectfully requests that this Amendment After Allowance be entered and the requested change made.

If any questions arise regarding this Amendment After Allowance, the Examiner is invited to call Applicant's undersigned representative at 202-408-4129.

Please grant any extensions of time required to enter this response and charge any additional required fees to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
